This week on the podcast we pay homage to both Finals that are in full swing -- The NBA Finals and the Stanley Cup -- with guest host Paul "PLR" Richardson of the [Sports Kave](#) .

Paul has been embedded in Arizona sports for years, but hails from Chicago before he landed at the "Harvard of the West Coast," Arizona State University. The Sports Kave has a presence at [Arizona Diamondbacks](#) games, Arizona [Cardinals](#) games, [Phoenix Suns](#) games, and all other sporting events here in the Valley. Like a lot of the readers here on Bright Side, PLR is a big fan of the Suns targeting Shabazz Muhammad in this years draft. Take a listen to see why!

I am clearly not as clever as Jim, so here is the podcast: [Episode 26](#)

Check back next week as we vote whether or not Jim should come back or if the podcast should become a parody show in the ilk of: Kris & Company
