This pre-season to date has begun to answer some questions, but it has created so many more questions for the [Phoenix Suns](#) this year, and going forward.

Dave and I covered a lot of bases in this make-up episode of the podcast. The [Clippers](#) were in town with former Suns Jared Dudley and [Alvin Gentry](#)

, [Amare Stoudemire](#)

left a few years ago, and

[Kendall Marshall](#)

has played fewer pre-season minutes than

[James Nunnally](#)

and

[Ish Smith](#)

Those are all three things that happened.
